

# Freezer Cleaner

Food Locker and Freezer Cleaner

**Food Service**

## Description

Cleaning walk-in freezers and coolers can become a tough task and a hazardous environment if the proper chemicals are not used in the cleaning process. Freezer Cleaner has been specifically designed to clean the interiors of freezer rooms, frozen food lockers, shipping docks, and exterior equipment; furthermore, it has been specially formulated to stay liquefied during cleaning. This product incorporates a superior blend of surfactants and solvents to clean floors, walls, fixtures, and instruments of dirt, grease, food soils, tire tread marks, and discoloration. Freeze Kleen is designed for commercial, industrial, and institutional use.

## Directions for Use

Apply Freezer Cleaner as is to the floor, scrub and rinse with water. Squeegee excess water into drain or use preferred drying method.

If diluted freezing point starts to increase. For heavy duty cleaning, use product full strength.

## Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

## Features & Benefits

- Up to -30 F freezing point
- Stays liquefied while cleaning
- Contains corrosion inhibitors
- Attacks food soils and grease upon contact
- Biodegradable

## Specifications

Appearance:	Blue Liquid
Odor:	Alcohol Odor
Specific gravity:	1.08
Biodegradable:	Yes
Freeze Point:	-30 F

## Dilution

Full Strength.....	-30 F Freeze Point
1:1 Dilution.....	15 F Freeze Point
2:1 Dilution.....	20F Freeze Point

## Available Sizes

4X1 Gallon Case / Item # 0169-1
