

Magnificent Seven

Neutral Floor Cleaner

Floor Care

Description

Magnificent Seven is a neutral pH floor cleaner designed to be used on dining room floors, or other floors with floor finish. Because of the neutral formulation, Magnificent Seven won't strip the finish off floors like other alkaline floor cleaners will. This product is intended to be applied with a mop bucket or automatic floor cleaner.

Directions for Use

1. Fill mop bucket with room temperature water when used on a floor with floor finish. Hot water can cause some floor finishes to strip off the floor.
2. Add Magnificent Seven directly to mop bucket using metered dispenser or oz.-o-matic pump.
3. Spread the solution on the floor with a clean mop designated for Magnificent Seven or floor machine.
4. Allow solution to soak on surface for up to 5 minutes.
5. Pick up excess solution and soiled water with a squeegee or mop.
6. Allow to air dry.

Rinsing is not necessary unless floor is very dirty.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Highly concentrated
- Neutral pH
- Safe on floor finish
- Works in all types of water, regardless of hardness
- No dulling or hazing film is left on floor after use
- No rinsing required
