

Lime Eliminator

All Purpose Deliming Solution

Dish Washing

Description

Lime Eliminator is a highly concentrated all purpose delimiting solution for use in commercial dishmachines, steam tables, and other area of a kitchen where lime and mineral deposits are present.

Directions for Use

Dishmachines:

Heavy lime buildup – Use 1 gallon

Routine delimiting – Use ½ gallon weekly

1. Remove curtains from inside dishmachine.
2. Add delimer to machine, then fill with fresh water.
**Note – adding delimer to machine after it is already full may result in product going down overflow.
3. Put machine in manual/delime mode before running.
4. Place a dish rack upright in front of dishmachine entrance to notify staff that machine is delimiting.
5. Allow machine to circulate for 30 minutes.
6. Drain machine before reuse.

Coffee Urns: Dilute 1 ounce to 10 ounces of fresh water. Swab down interior, drain, and flush thoroughly.

Glassware: Use 1 ounce per gallon of water, soak glassware until clear of lime buildup. Rinse thoroughly.

Steam Tables: Spray or brush full strength on steam coils. Let stand 5 minutes. Fill tank with hot water. Brush steam table interior thoroughly. Drain and rinse thoroughly with clean water.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Safety Data Sheet (SDS). The label and SDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Highly concentrated
- Effective in hot or cold water
- Biodegradable
- Removes calcium, lime, and rust deposits
- Used in high temp and low temp dishmachines
- Increases dishmachine life
- Reduces machine maintenance
